

January 2009  
Block of the Month  
By Rhona Triggs

9-Patch Set on Point

The block will be made from scraps of your choice.

The January Block is a nine-patch set on point with half-square triangles. The directions will make a block about 10" square. This will allow the winner to trim the completed blocks to 9-1/2" square.

The nine-patch is made of 2-1/2" squares. The corner half square triangles are made from an 8" square of fabric sliced on the diagonal.
