

QCNNY Block of the Month – November 2008

Nine Patch with Variations

This block is a basic nine patch. The block is to be made with 3 ½" squares of brown fabrics, using both prints and solids – make it scrappy! For additional interest, make some of the squares half-square triangles (HST). You can make lots of HST with Thangles® or an Easy Angle® ruler, cutting a 3 ½" strip of fabric, and cut the triangles to be sewn together. Look in the November newsletter for ways to make HSTs, and a quick way to make multiple nine patches to increase your chances of winning!
